Appendix: Requirement of Research Subject

You should describe your research subject planned for this course with 8 pages to 10 pages space. (*if necessary, please use additional paper)

Considering existing knowledge and new knowledge from the process of future research, opportunities and constraints which emerged with the deep going and maturity of project, the research subjects described in your application form usually have adjustment. Therefore, your research subject presented here no need to be the final edition.

However, your intention must be clearing as much as possible. Please state below contents in detail.

- The thought sources which bring forth this research
- In order to evaluate its relevance and feasibility, you discussed with whom.
- Which literatures you have done a preliminary reading. And if possible, you need to read some research reference articles.(At part 9, we have listed some websites where you could find related articles and research data)
- Some actions or information collection you took for opening topics.
- Who are the persons which you thought they could be interested in your research result and what is the possible purpose for them to use this research result.
- Who or which situation is advantaged or important for your information collection.
